

THE PROMISE: ARRIVES

LUKE 2:1-8

Intro: The story of Bethlehem is the most amazing ever told. To fully appreciate it we must take our thoughts back to the time when the Divine Family met in conference. If it were permissible and wise for mere mortals to imagine what took place, we must see the Triune God calmly anticipating what would take place. Critics question the wisdom of God in creating man when at the same time, He was aware of the tragedy to follow. There are always two sides to a picture. Would God have been justified in NOT creating man when by so doing, eternal happiness would ultimately be known by so many? Should God refuse to do good because some of His creatures prefer evil?
